

Electronic Filing Instructions
SEC v. Dollar General Corporation

I. Important Notes – PLEASE READ

- Electronic claim submissions apply to institutions filing on behalf of multiple client or proprietary accounts.
- If you previously filed claims in connection with the class action settlement of In re Dollar General Securities Litigation, Civil Action No. 3:01-0388 (M.D. Tenn) (the “Dollar General Class Action”) in 2003, you **do not** need to submit another Proof of Claim Form to participate in the \$19 million Fair Fund created for this litigation. You are automatically deemed to be an eligible claimant with respect to those transactions in Dollar General Corporation common stock, options, notes or STRYPES for which a claim was previously approved in the Dollar General Class Action, so long as your approved transactions calculate to an eligible loss under the Plan of Allocation for the SEC Fair Fund.
- You **ONLY** need to take any further action if:
 - You have additional (new) accounts for which you did not file in the prior class action litigation.
 - You have additional transactions for common stock, options, notes or STRYPES for a claim that was not previously approved in the Dollar General Class Action.
 - You are a custodian, trustee or professional investor and claiming on behalf of more than one potentially eligible claimant in a pooled investment fund or entity. V. Electronic Filing Notes

Addresses

- Claims and checks (when eligible) will be created based on the account and address information provided on your electronic file.
- If you require checks to be made out directly to the beneficial owner, please include a “c/o” before your company name in column A of your file.
- For foreign addresses, the two character country code must be provided in column H, all address information (including full country names and provinces) must be included in the two address fields (columns B-C), and the city, state, zip fields (columns D-G) must be left blank.

Securities – General

- All transactions and holding positions **must** reference an appropriate security identifier (CUSIP, ISIN, or SEDOL) in column L of your file.

- All securities for each account must balance. This means that the beginning holdings plus total purchases and acquisitions (including free receives) during the Class Period MUST EQUAL the total sales (including free delivers) during the Class Period plus the ending/unsold holdings.
- Negative values may only be given for short beginning or ending/unsold holdings (transaction type “B” and “U”). All other transactions must reflect positive values.

Securities – Options

- Column L should indicate call option (OC) or put option (OP) and the strike price and expiration month/year should be given in columns V and W.
- The exercise, assignment or expiration of the option must be reflected on the opening option transaction and specified in column S with the exercise/assignment/expiration date referenced in column T (MM/DD/YYYY format). DO NOT insert a separate transactional line (such as a receive/deliver) to reflect the exercise, assignment or expiration of an option.
- You must provide all sales or repurchases of options no matter when they occurred. If the closing option transaction was not a sale or a repurchase, then you must specify the fate of the option on the same line as the opening purchase/sale transaction.

Transfers

Free receive/free deliver (transfer in/out) transactions are not eligible for payment unless you have additional information regarding the original purchase(s) from the prior account or the ultimate sale(s) or ending holdings from the subsequent account.

If you have this information, you must combine or amend your accounts as follows:

- Shares Received into Account – Provide the beginning holdings and/or original purchase of these shares from the prior account rather than the “free receive” transaction.
- Shares Delivered out of Account – Provide the sale(s) and/or ending holdings from the subsequent account rather than the “free deliver” transaction.

If you have no information available on the original purchase/subsequent sale, you must provide the free receive/deliver transactions in their respective claim(s) for **balancing purposes only**. A free receive or transfer in must be reflected as a transaction type “R” and a free deliver or transfer out must be reflected as a transaction type “D” (prices and net amounts must be zero). **THESE TRANSACTIONS WILL NOT BE CONSIDERED ELIGIBLE AND WILL BE EXCLUDED FROM THE CALCULATION OF YOUR CLAIM.**
